

2nd International
Cartoon Competition
Berlin 2011
"Dictatorship and Tolerance"

With great pleasure we would like to present to you the winners of the 2nd International Cartoon Competition Berlin 2011 under the title „Dictatorship and Tolerance“.

The online competition was organized and arranged by the KURTUKUNST Gallery in collaboration with the LIMES Image Agency. Artists from different cultural and political backgrounds participated in the competition. The cartoons reflect a personal, satirical and humorous perspective on the current world affairs.

More than 900 works by 382 cartoonists from 61 different countries were submitted to us.

Far more than we expected! We were pleasantly surprised by the high number of participants in our first competition 2010 with the theme „Plagiarism“ and our expectations were exceeded again.

We would like to thank all of the contestants for their interest and courage. With their artistic work and satirical view they consistently try to change the world to make it a better place.

Special thanks go out to the members of the international jury of the competition for their very good work. They had the heavy task to determine the prize-winners from a variety of excellent caricatures.

Without the financial support of the German Lottery Foundation Berlin this cartoon competition would not have been realized.

Thank you very much!

Valeriu Kurtu
